BUSINESS TOOLS · FOR INDIVIDUALS AND COMPANIES BRINGING TRADE

Earn as an Accredited Musika Agent

Bring genuine requirements to Musika, protect your attribution and earn on every order.

Version 1.0 · October 2026 · Your accepted quotation and signed terms govern every order.

01 Apply and get your mandate

- Apply on Careers or through the partner application. Tell us your country, coverage and what you trade.
- Pass the identity or company checks and receive your Accredited Agent badge and agent reference.
- Agree your rate before each order – between 1% and 20% of the invoice, depending on the product and order size.
- Commission is paid once the order is paid and delivered.

02 Find real opportunities

- Talk to businesses about what they need: quantity, specification, location, date and how often.
- Get the buyer's permission to share their requirement with your trade desk.
- Musika sources and quotes – do not promise prices, delivery dates or credit before the desk confirms them.

03 Protect your attribution

- Put your agent reference in the agent reference field on every request and cart.
- Ask the desk to confirm the lead is attributed to you and the commission rate before the order is placed.
- Route all payments through the confirmed payment environment – never collect customer money yourself.

Your Worksheet

Type straight into the fields below and save, or print and fill in by hand.

Agent reference; buyer permission date

Buyer; goods, quantity, destination

Lead acknowledgement; RFQ or order reference

Agreed rate and base; repeat terms

Paid date; delivered date; exceptions

Commission due; payout date
