BUSINESS TOOLS · FOR EVERY TRADER AND PARTNER

Start Trading with Musika

Choose your route, send a useful first enquiry and move from interest to your first order.

Version 1.0 · October 2026 · Your accepted quotation and signed terms govern every order.

01 Choose your route

- Buyer or retailer – you source goods for your business or buy stock to resell.
- Wholesaler or distributor – you buy in bulk, register stock you can supply, or represent Musika or a supplier.
- Supplier – you offer stock or production capacity against real buyer demand.
- Agent – you bring genuine buying requirements and earn 1% to 20% commission.
- Partner – you bring financial, operational, logistics or media services.

02 Start with the right door

- You know the goods. Shop the store, set your quantities, add lines to your cart and send it for one quotation.
- You need it sourced. Request a product – state the use, specification, quantity, destination and date.
- You want an introduction. Shortlist trade-floor posts and send the selection to your trade desk.
- You have supply. Register supply, one record for each line you hold.
- You want to work with us. Apply as an agent on Careers, or as a partner on Partners.

03 Your first order, step by step

- Accept the privacy notice and the Marketplace Charter, and confirm the email code.
- Your trade desk qualifies the requirement and confirms what the transaction needs.
- You receive one quotation: goods, logistics, currency and rate, validity, lead time and Musika's role.
- Accept it through the desk and pay against the order reference you are given.
- Track the order, payment and delivery lanes, inspect on arrival and keep the signed delivery note.

Your Worksheet

Type straight into the fields below and save, or print and fill in by hand.

My role and business name

Goods or service, specification or use

Quantity and unit, or capacity

Origin, destination and date needed

Contact name, email and WhatsApp
